Quality, Environmental, Health and Safety Policy

eAsset Solutions is committed to managing used and end-of-life electronic equipment based on a reuse, refurbishment, recovery, and disposal hierarchy, including on-site and downstream materials management throughout the recycling chain. This process is done in a manner to protect the environment, worker health and safety, our clients, and our community.

As part of this Quality, Environmental, Health and Safety Policy, eAsset Solutions is committed to:

- comply with applicable legal and other stakeholder requirements relative to the quality, environmental and health and safety aspects of our business.
- meet customer needs and a high-level of customer satisfaction.
- prevention of pollution and prevention of injury and ill health.
- managing Focus Materials throughout the recycling chain to final disposition with due diligence to protect our environment.
- providing a framework for setting and reviewing quality, environmental, health and safety goals.
- continuous improvement achieved through monitoring of goals and rigorous evaluation of our management system.
- educating employees about the environmental aspects, risks, quality standards of their job positions, and how to conduct facility operations safely and effectively.
- data security and protecting our clients' assets, as detailed in the [Data Security Policy](#).
- communicating and reinforcing this policy throughout our company, to all persons working for or on behalf of the organization as well as, to our customers, our suppliers and to the public.
